VISITOR INFORMATION: POINTS YOU NEED TO KNOW

- In the interests of Health & Safety the Distillery operates a **NO SMOKING** policy on site, this includes inside buildings and all outside areas. Visitors who wish to smoke are required to go to the Public Car Park
- The Tour of the Distillery lasts approximately 40 minutes and involves considerable walking and climbing many stairs. The Distillery's production areas, which are part of the Tour, are not accessible by wheelchair. The Tour may also not be suitable for those who may have walking difficulties or who suffer from vertigo
- There is full access to the Visitors Centre, 1608 Bar, Gift Shops & Restaurant. Anyone who may be unable to join friends on a Tour is welcome to wait for their friends in the Bar, Gift Shop or Restaurant areas
- Tour tickets are sold on a first-come first-served basis, Places on Tours are limited to 15 persons. Due to high demand there may be times when places on Tours sell out before the last advertised tour time
- Children under eight years old are welcome to visit the site but unfortunately for safety reasons cannot join Tour groups
- Children between 8 years and 17 years can only join Tours when part of a family group
- Schools/college groups cannot book for Distillery visits where students are under 18 years old. This applies also where groups have mixed ages 17 years plus. ID showing DOB is required for all College groups to confirm students' age
- The Tour is not all indoors so coats or umbrellas are advisable, particularly in cold or wet weather. Sensible footwear is also recommended (no flip-flops please)
- Use of mobile phones, pagers, cameras or video recorders is not permitted during the Tour for reasons of safety and must be turned off for the duration of the Tour
- It is not necessary to take a Tour to have access to our Restaurant and Gift Shop. You are welcome to visit them at anytime within our stated opening times
- For your safety please walk on the footpaths at all times
- As it is a working Distillery there may be times that due to maintenance some production areas may have to be excluded from the Tour. On occasions maintenance may also lead to breaks in production during Tour times
- Monday to Friday morning some Tours will go through the Bottling area during the operatives tea/lunch break. This unavoidable as it is part of the normal working pattern
- On Friday afternoons, Saturday and Sunday there is no Bottling Operation. The content of the Tour will remain the same but the Bottling area will be viewed in a non-working capacity
- Without notice the **'Old Bushmills'** Visitor Centre may be closed for company events
- For security reasons we regret that we cannot keep Back Packs, Luggage or Motor Cycle helmets for visitors who wish to take a Tour of the Distillery
